

## Quality, Environmental, Health and Safety Policy

Data Sales is committed to provide IT leasing solutions for the responsible and effective management of any organization's assets in a manner protecting the environment, worker health and safety, our clients and our community.

- Data Sales is committed to continual improvement and meeting our customer requirements.
- Data Sales is committed to the protecting the environment, including prevention of pollution and protection of biodiversity and ecosystems through responsible recycling.
- Data Sales is committed to provide safe and healthy working conditions for the prevention of injury and ill health and control occupational health and safety risks using the hierarchy of controls.
- Data Sales is committed to worker participation, and where they exist, workers' representatives, in the decision-making processes in the QEHS management system.
- Data Sales is committed to comply with applicable legal and other requirements relative to the environmental and health and safety aspects of our business and fulfill its compliance obligations.
- Data Sales is committed to providing a framework for setting and reviewing quality, environmental, health and safety objectives.
  - Data Sales is committed to continuous improvement achieved through monitoring of objectives and rigorous evaluation of our management system.
  - Data Sales is committed to communicating and reinforcing this policy throughout our company, to all persons working for or on behalf of the organization as well as, to our customers, our suppliers and other interested parties.
