

*IBM Replacement Computer
Parts and Components*

data sales co.

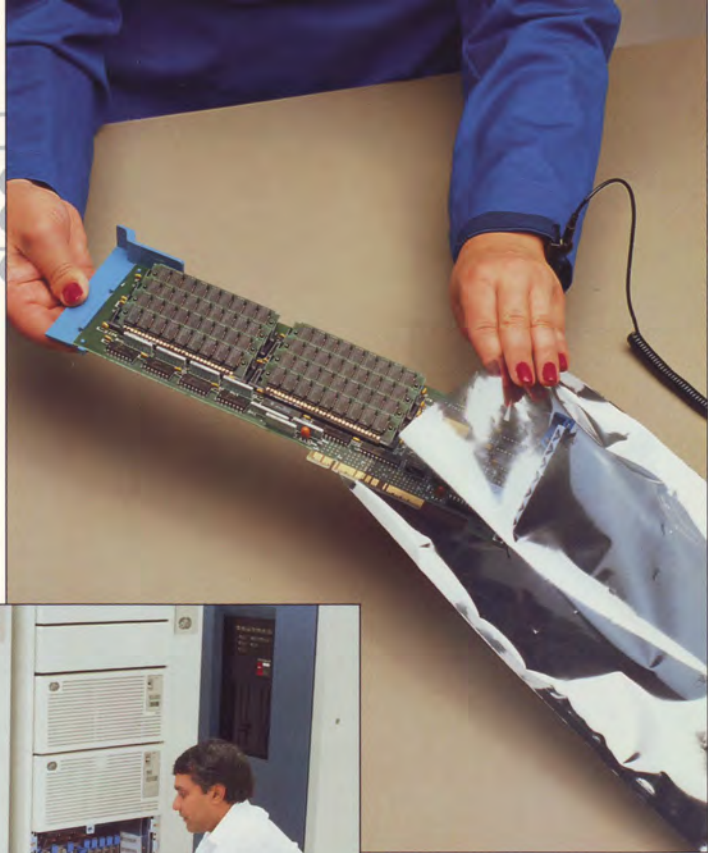

The People, The Response

Our on-line system allows fast access to inventory. This comprehensive database includes substitute part number information, cross referencing and feature related data.

A 24-hour, 7-day paging system is provided for parts availability. Just call the regular number for after-hours, emergency assistance.

As a result of more than 20 years in the computer business, we have exceptional knowledge and experience. The Data Sales team is a team committed to providing you with excellence. Our staff has hands-on experience with parts. We are proud of our integrity and achievement.

The Quality

Your order is processed quickly and carefully. Employees are trained in ESD procedures. Precautions for static damage are taken

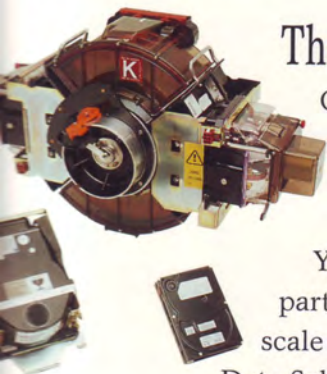

throughout pulling, testing, and packing.

Your part is packaged properly, whether it requires boxing, foam-in-place, or overseas crating.

Our custom, quality process ensures that your part will work when it arrives.

The Availability

Our large inventory includes a broad range of parts and machines.

You can call on us for parts from PCs, to large scale mainframes.

Data Sales Co. owns 400,000 square feet of space, allowing ample storage of both shelved and machine stored parts.

1-800-328-2730

Economy and Convenience

Because we have our own transportation division and can buy large quantities at huge savings, we give you a competitive edge. This also benefits customers who purchase complete machines for parts. Data Sales Co. is 15 miles from the Minneapolis/St. Paul International Airport allowing for same day shipping. The major overnight package services all pick up from us each evening, to be sure you get your order on time.

The Source for All Your Computer Needs

In addition to supplying parts, we are a full service computer dealer/lessor. We buy, sell and lease most IBM equipment. Our own transportation, refurbishing, and technical services allow us complete control of all aspects of the transaction.

Call us today with your specific requirements.
