

# Refurbished Storage Products

Pre-owned IBM and STK products banded, certified and backed by our warranty

The explosive rate of data growth is one of the most significant IT challenges faced by today's businesses. Refurbished Storage Products from Data Sales Co. can help your company manage and protect its data while keeping pace with ever-increasing demands for storage, security and accessibility.

We offer turn-key storage solutions built around refurbished IBM and STK products that are custom-configured to your specifications, all at a fraction of the cost of new equipment. Our unique organizational structure enables us to offer financing, delivery and installation of these products as well.

- **One of the nation's largest inventories of pre-owned IBM and STK storage products**
- **All products refurbished, reconfigured to your specifications and tested by our experienced technical team**
- **Recertified and banded IBM storage products backed by manufacturer's maintenance service**
- **Select refurbished storage products carry the Data Sales Co. 30-day warranty**
- **Lease and rental programs also available – ask for details**
